Refinancing Your Mortgage

YOU SAY
THE WORD.

WE'LL MAKE
IT HAPPEN.

Save money the easy way.

Between paperwork and closing costs, refinancing can eat up time and money. We've designed our whole refinancing process to save you both:

- **Your own personal loan consultant** will walk you through the application—and every step to come—so you don't waste time with the details.
- You get **prompt, friendly attention** from professionals who won't leave you in the dark...or push you too fast.
- From application to closing, we **make every effort to keep fees low.**

The choices are yours.

Everyone has a different reason for refinancing...which is why we offer so many options. You can use our refinancing program to:

- Lower your monthly payment
- Reduce your loan's term
- Get access to cash from the equity in your home
- Consolidate debt
- Use your home's equity for home improvements, college tuition or whatever you need.

Our terms are just as flexible:

- A range of **lock-in and float options**, so you can secure your interest rate early—or take full advantage if rates fall.
- **No upfront costs** when you roll them into the new loan amount.
- The **competitive interest rates** we offer our members every single day.

Why refinance with your credit union?

Because at credit unions, people mean more than money. So we go the extra mile to build financial solutions around the needs of real people like you. With mortgages, that means more choices, competitive rates—and exceptional service you can't find anywhere else.

You say the word. We'll make it happen. To get started, just **contact your credit union today:**
